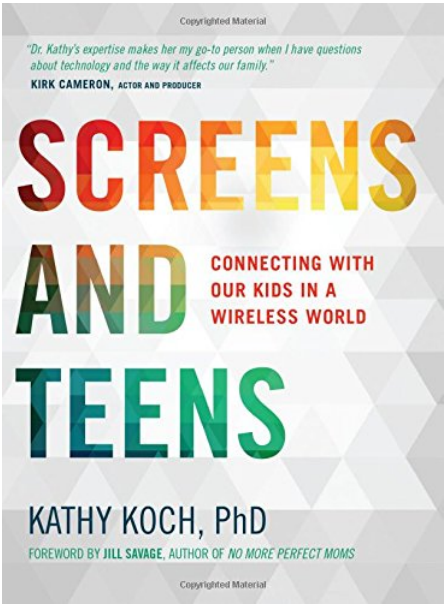
[Download] Screens and Teens: Connecting with Our Kids in a Wireless World



CONTINUE

If you feel like youre losing your teen to technology, youre not alone.Screen time is rapidly replacing family time, and for teens especially, it is hardwiring the way they connect with their world.In Screens and Teens, Dr. Kathy helps you make sense of all this and empowers you to respond. She:Kathys research, experience, and relatability all come together for an inspiring book, sure to help you be closer with your kids.Grab a pen and get ready to underline, circle, and write "Thats so us!" in the margins. Be equipped to keep your family connected.
