I've spent years raising my sister. Starting a billion-dollar company to keep her secure. That's all that's ever mattered. Now she's at college, I take one night for myself...a little wild freedom...Guess what happens? It was only supposed to be one night - but she left me desperate for more. Searching for the girl with the sparkling blue eyes and wild passion. Ava Lockley. The one who danced and kissed and cried out with total abandon in my arms. When she walked out in the middle of the night, I thought I'd never find her again. Until she turns up at my office days later. Part of a new team - working for me and totally off-limits. My business has ruled my life for years...but I can't stay away. One night turns into two, stealing moments together and sneaking around. Then she says she's pregnant. A baby. My baby. If anyone finds out, my once-in-a-lifetime business deal is screwed. She'll lose the one chance she's got at her dream job. So now we have this secret - and all I want to do is tell people. I'm going to be a Daddy. The only thing that stops me is putting her career in jeopardy. It can't stay hidden forever - but that doesn't matter. This baby is mine. Ava is mine. And I'll do whatever it takes for us to be a family. Even if I have to give up my life's work. Accidental Baby is a full, standalone romance with a sexy billionaire hero and a determined, fiery heroine. No cheating or cliffhangers, and a Happily Ever After guaranteed.
