When the gods come calling, you don't get to say no. Patrick Collins is three years into a career as a special agent for the Supernatural Operations Agency when the gods come calling to collect a soul debt he owes them. An immortal has gone missing in New York City and bodies are showing up in the wake of demon-led ritual killings that Patrick recognizes all too easily from his nightmares. Unable to walk away, Patrick finds himself once again facing off against mercenary magic users belonging to the Dominion Sect. Standing his ground alone has never been a winning option in Patrick's experience, but it's been years since he's had a partner he could trust. Looking for allies in all the wrong places, Patrick discovers the Dominion Sect's next target is the same werewolf the Fates themselves have thrown into his path. Patrick has been inexplicably attracted to the man from their first meeting, but desire has no place in war. That doesn't stop Patrick from wanting what he shouldn't have. Jonathon de Vere is gorgeous, dangerous, and nothing but trouble—to the case, to the fight against every hell, and ultimately, to Patrick's heart and soul. In the end, all debts must be paid, and Patrick can only do what he does best—cheat death. A Ferry of Bones & Gold is a 115k word m/m urban fantasy with a gay romantic subplot and a HFN ending.
