The Fairy Houses wall calendar reveals a magical world of handcrafted faerie castles and cottages, fanciful fairy retreats and sanctuaries, and habitable hobbit hideaways. Celebrated environmental artist Sally J. Smith builds these exquisite creations from materials found in the wild. Each house begins as a collection of bark, twigs, mosses, and stones and is finished with touches of fragile blossoms, ferns, and butterfly wings that add to their ethereal beauty. When complete, the houses are placed in a natural setting so perfectly suited that they seem surely to have been crafted by fairy hands. Children and adults alike will find inspiration and delight in this creative expression of land art. DISCLAIMER: "We cannot guarantee the availability of this ebook on an external site."
