Put your hands on the wall, kitten. I'll take care of the rest. This is a collection of SEVEN full-length novels. Each novel is preceded by a never-before-published "behind the story" from Penelope, including the story of how her career nearly came to an abrupt and unpleasant end. This bundle is a new way to experience the books you already love, or to discover them for the first time. Knocked Up by the Dom My darkest secret? I let a stranger dominate me in the most intimate way possible. He gave me three things that night: His first name, the sweet taste of submission, and his baby. Now my Dom is back and this time he won't stop until I'm his. Punished! I have a dirty little secret. No guy has ever been able to get me off. They try. They fail. They leave. Rinse and repeat. Until I met Logan Steel. Until he punished me. The Dom's Virgin Ever heard of a virgin romance author? Now you have. Spoiler alert: it's as sad as it sounds. My roommate thinks I should do some research to help my writers block. When a billionaire publishing executive rejects my book, she has the perfect idea. The perfectly terrible idea of tricking him into bidding on me through a BDSM site. Single Dad's Virgin My billionaire boss needs me to do something absolutely crazy. He wants me to pretend we're engaged. But I can't say no, or he'll lose his daughter and I'll lose my job. Fine then. I'll wear his stupid ring. I'll be

the perfect fiancée for one month. There's only one problem. I don't want to stop pretending. Single Dad's Hostage Getting kidnapped isn't so bad. At least, it's not when your captor is a billionaire with a huge heart. He saved me from my abusive ex-boyfriend when I couldn't get away. Now he owns me, and he wants to get engaged. The only problem is, my ex isn't letting me go so easily. Punished by the Prince Elizabeth just learned she's a princess, and she's promised to a prince. Problem is, the prince is my younger brother. But this little princess is mine, and mine alone. Screw tradition. So when I catch her trying to escape, I take matters into my own hands. I bring her to the dungeon for punishment, and a night she'll never forget. Miss Matchmaker New town, new job, new opportunities. And... Well, a new guy. Everyone calls him "Country," but I think "Trouble" might be a better fit. **DISCLAIMER:** "We cannot guarantee the availability of this ebook on an external site."
