

# CMExw [Download] Paint, Play, Explore: Expressive Mark-Making Techniques in Mixed Media

**CONTINUE ►**

Discover the marks for your most authentic art! Mixed-media artist Rae Missigman identifies herself as a "mark-maker." Ever in the forefront of her art, organic shapes and graphic marks are what give her work a sense of authenticity. With an adventurous, anything-goes attitude to expressing herself, she is just as likely to use a celery stem, a sewing machine or a cardboard tube as she is a brush, a palette knife or her own hands. In *Paint, Play, Explore*, Missigman helps you discover those marks that define you as an artist, and weave them into your art in new and interesting ways. Through page after page of creative exploration, you'll become a collector of tools--traditional and unconventional mark-makers that will become an extension of your unique voice. You'll become a tinkerer as you recycle and repurpose, striving to turn something ordinary into something extraordinary. You'll become an explorer as you draw with your non-dominant hand, create "blindly" using resists, stamp with your own handcrafted organic ink, and follow other creative prompts to widen and shape your artistic world. Whether you're just starting your creative adventure or you're looking to break through to the next level, *Paint, Play, Explore* will set you in motion. Setting the tone with her upbeat vibe and joyful use of color, Missigman pushes you to find your own beautiful artistic "fingerprint" to create work that is interesting, full of life and distinctly yours...and above all, to embrace the journey. "The shapes you choose to etch in your work, free flowing and heartfelt, are a part of what makes the art your own. Tools in hand, your marks will find you and you will begin to recognize yourself in your creations." You're going to need a bigger creative toolbox...60+ mark-making tools and mediums23 stepped-out demonstrations on collage, one-brush painting, monoprinting, resists, transfers and other fun and versatile mark-making techniques4 start-to-finish projects for turning marks into inventive art
