Captured. A slave. And then gifted as a concubine to a callous, ill-mannered Dragon King. Nothing more than a human slave expected to double as a diplomat, Ria Gallagher has to stay strong and look for a way to escape. But escaping becomes even more difficult when you realize you are losing the will to leave... No amount of astronaut or Navy training can prepare you for the most confusing battle of all: the battle for your heart. This is a full-length novel with an HEA. 18+ Only. Enjoy!
