

# [GET] I Wish I Knew This 20 Years Ago: Understanding the Universal Laws That Govern All Things

**CONTINUE ►**

Life is not a series of random events but is orchestrated through a set of natural laws that govern life on Earth. Once we understand these laws, we will have a better understanding of how life works. Once we understand how life works, we can make it work for us instead of against us. This book is a guidebook intended to offer knowledge that you can use throughout life. If I could sum up this entire book in one statement, it would be: Your mind is literally shaping the world around you.
