Moonshine! A word that evokes images of Americas outlaw heritage. Making moonshine has been such a huge part of our culture that many historians credit it as one of the cornerstones of our nations foundations. How to make moonshine? Is quite likely the very question that brought you here. A yearning to learn the traditions that are in danger of being forgotten in the modern, digital era. I wrote this book to pass along the knowledge that was taught to me in the hills of Kentucky over 30 years ago. Along the way though I developed my own style. I boiled down what I learned and created a simplified style that any beginner can follow. Ive developed designs that can be used right in the comfort of you own kitchen or out back in the woods! The truth is that Moonshining, aka Home Distilling is a folk art that helped build this country. Together we can make it live again, and have a little fun in the process! And a quick thank you to all my readers who have helped make The Home Distiller the best selling book ever on the art and science of making moonshine. Shine On!
