

[GET] Salt: A World History

CONTINUE ►

An unlikely world history from the bestselling author of *Cod* and *The Basque History of the World* In his fifth work of nonfiction, Mark Kurlansky turns his attention to a common household item with a long and intriguing history: salt. The only rock we eat, salt has shaped civilization from the very beginning, and its story is a glittering, often surprising part of the history of humankind. A substance so valuable it served as currency, salt has influenced the establishment of trade routes and cities, provoked and financed wars, secured empires, and inspired revolutions. Populated by colorful characters and filled with an unending series of fascinating details, *Salt* is a supremely entertaining, multi-layered masterpiece. From the Trade Paperback edition.
