He's the last guy she should be checking for. Arrogant. Sexy. A Certified F*ckboy. She's the only girl he can't seem to get off of his mind. Ambitious. Attractive. Adjacent. The proximity of them being neighbors certainly doesn't help either of their causes. And when one side is ready to pursue their curiosity about the person next door, it quickly becomes clear that anything goes in Building 402... Note: While this book tells a complete story, it is a novella meaning it is shorter in length by design. If you prefer your stories longer, I'd recommend checking out another Alexandra Warren project. :)
