No one prepared me for being stuck in the Underworld with a mad woman who claims to be my mother. Here I thought that finding out I'm a succubus would be the biggest shock of my life. It turns out that the paranormal world has a lot in store for me. But escaping from Hell is just the start. Things have gotten worse on Earth while I've been gone, and I have the sneaking suspicion my mother is behind it all. When her followers break out of Hell with me, I'll have to hunt them down. Thankfully I'm not alone. I have Naomi, Leon, Elah, Tae Min, Petyr, and others by my side. Accepting that they care for me is harder now that I know more of who I really am. Together, we'll have to stop Hell on Earth and my very existence is at the center of it all. Hell Sucks is the 120,000 word sequel to Fae Like Me.
