Bailee Kate and her dog Thor love to play soccer, but Thor always gets in the way. Coach says the team shouldn't act like Thor because it is puppy guarding. See if they have learned as they take on the fierce Yellow Dragons. This fully illustrated book is intended to help youth soccer players break the bee-swarming kick and pack-chase mentality as children begin to comprehend spacial relationships to one another on the field of play. iPlaySoccer! Books are instructional stories focused on advancing youth player development. The illustrated children's books teach foundational concepts and vocabulary in a fun way that allows children, parents and coaches to develop together in the beautiful game. The series is not intended to replace the instruction of a coach or the learning derived from actual play. Rather, the purpose of these books is to assist the player in mastering concepts as the game becomes more complex. To that end, no matter the level of play, the coach is the teacher, the player is the student, and this series is merely the provider of fun educational tools designed to reinforce what should be learned on the training ground.
