"Perhaps I will cut your throat as you tried to cut mine. Will I still want to touch you when your blood is on my hands? Or will it chase your ghost from my thoughts?" He held his hands out and considered them for a moment, shaking his head. "I think not. I think still you would haunt me." TIME WALKERS Maggie is a modern day woman with all her flaws, thrust back into a time when men were carving out the history of America. She has just enough knowledge of the past to know trouble is coming, yet soon she is kicking herself for not paying better attention in history class. When she is captured by Winn, a warrior who is torn between his duty to kill her and his desire to keep her, she must adapt to a life she had only read about in history books. Winn is a seventeenth century Paspahew warrior, born in a time before the English settlers arrived on the shores of Tsenacomoco. He has learned the ways of the English and uses his knowledge to ensure the survival of his people, but when he finds a wounded woman in the woods his loyalty is put to the ultimate test. Hunted and feared by both the Powhatan and the English, Maggie struggles to find a way home while Winn plots to keep her there. Maggie fights to survive as she finds herself entangled in the Massacre of 1622, and Winn sees everything he ever believed in shattered by the knowledge she holds. With ties to both the past and future, their lives unfold among the stirrings of a new nation. Maggie and Winn risk everything to survive as the once powerful Powhatan Nation crumbles and the English build a country from the ashes.
