He was only supposed to deliver a pizza. And yes, I ordered sausage, but I never expected such a personal...touch. I'm a good girl. I teach little kids, brake for squirrels, and always donate to cookie drives though I so don't need the extra ten pounds. My sympathetic nature led to me sleeping with my ex after his granny's funeral. The next day, he dumped me—again—via text, and I decided I needed a fresh start. Luckily, I found a new apartment near my new school. Yay me. I also found myself unexpectedly naked with Dare, the smoking hot, single dad mechanic who works next door. Dare did more than clean my spark plugs that night, let me tell you. Then my worlds collide when Dare shows up at his son's parent-teacher conference. Next thing I know, surprise! Pregnant. Dare knows I'm worried about my job at the Catholic school. And about how I'm going to handle the baby that might be his. Please, God, let it be his. I just never expected Dare to propose marriage. And he wants me to become his wife in all ways. Especially the Biblical ones. Author's note: Who's The Daddy is a romantic comedy with a HEA ending and no cliffhanger.
