Hope is a decision, but it is a hard one to recognize in the face of oppression, belittlement, alienation, and defeat. To help embolden hope, here is a powerhouse collection of essays and personal stories that speak directly to teens and all YA readers. Featuring Angie Thomas, Marie Lu, Nicola Yoon, David Levithan, Libba Bray, Jason Reynolds, Rene Ahdieh, and many more!"The hope of a secure and livable world lies with disciplined nonconformists who are dedicated to justice, peace and brotherhood."--Rev. Martin Luther King, Jr. We all experience moments when we struggle to understand the state of the world, when we feel powerless and--in some cases--even hopeless. The teens of today are the caretakers of tomorrow, and yet it's difficult for many to find joy or comfort in such a turbulent society. But in trying times, words are power. Some of today's most influential young adult authors come together in this highly personal collection of essays and original stories that offer moments of light in the darkness, and show that hope is a decision we all can make. Like a modern day Chicken Soup for the Teenage Soul, Hope Nation acknowledges the pain and offers words of encouragement.
