

[GET] The Prime Ministers

CONTINUE ►

Author Yehuda Avner takes us into the private chambers of Israeli Prime Ministers Levi Eshkol, Golda Meir, Yitzhak Rabin and Menachem Begin, on whose personal staffs he served, to bring to life episodes of war and peace, critical moments of decision-making, and the nature of relationships among world leaders. Based on personal notes, transcripts and correspondence - some revealed here for the first time - "The Prime Ministers" offers a unique, personal account of the saga of Israeli political leadership.
