The Most Definitive Guide to Cuban Cigars! Cuban cigars have long been considered the best cigars in the world. The Cuban cigar is an artform, with tobacco growers and hand-rollers as artists. Today, there are more than 200 Cuban cigars a diehard collector will seek out, no matter the price. THE CUBAN CIGAR HANDBOOK will highlight these same cigars and include the history of Cuban cigars, fun celebrity sidebars, and features on growers, hand-rollers, and producers. The night before President John F. Kennedy imposed the trade embargo on Cuba, Kennedy ordered his press secretary to procure 1,200 H. Upmann brand petit corona Cuban cigars. After receiving the cigars, the president signed the order. Most Americans, however, did not store up their own personal stockpile. Now, with trade embargos lifted after more than fifty years, what was once the forbidden fruit of the American people is now open to the public. THE CUBAN CIGAR HANDBOOK is the perfect travel guide for cigar-loving Americans as they explore across new borders.
