They're identical and I have a TABOO attraction to both of them!! I have a confession to make: I am turned on by the woman of the house. I obviously never thought anything would happen, but then her identical seduces me. It's the best substitute ever! What I don't know is that I'm about to fall into a trap. The woman of the house has found out about my taboo attraction and the two women have come up with a plan. They think I won't know the difference between them. But what if I discovered the truth? How will the woman of the house react when she finds out I know who she is? * This story is so wild that I can't go into details here.
