Delphine: Six years ago, I did something really bad, and it chased away the guy I've been in lust with ever since my hormones had kicked in. I'd been a stupid teen, and I'd paid the price. But now I need help, and there's nowhere for me to go except straight to the Dixie Reapers, and the one man who probably never wants to see me again. If Zipper won't help me, then I'm as good as dead. I'm willing to pay any price, and I will give him anything he wants. Is it wrong that I hope, at least a little, that all this ends up with me in his bed? I've never stopped wanting him, and I know I never will. Zipper: The teen girl who had turned my life upside down now wants my help. If nothing else, I owe it to her dad, legendary tattoo artist Hwan Lee, my mentor, the man who gave me a chance when no one else would. He's really the reason I left all those years ago. I couldn't disrespect him by claiming what I wanted. Delphine. Not to mention my ass would have ended up in jail. Now she's here, and she says I can have anything. Naughty girl. Didn't anyone ever tell her not to tempt the devil? Because soon, I'll have her right where I want her -- under me and screaming my name -- and I'm never letting her go. As for the men trying to kill her, it's only a matter of time before they breathe their last. No one hurts my woman. NOTE: No Cliffhanger. No Cheating. Guaranteed HEA. Spanking. Sex Toys.
