Escape to the seaside village of Little Pondale with Part Three of this heart-warming and romantic, four-part serial. Mia Ward was amazed to inherit her great-aunt Matilda's thatched cottage in the tiny seaside village of Little Pondale – especially as Mia didn't know she had a great-aunt Matilda. She was equally astonished to discover she'd only inherit the place if she lives there for a year. But it didn't take long for Mia and her friends, Ella and Garrick to settle in. Now Mia's mum, Lori has joined them, and they're all enjoying village life. Mia's keen to overcome her fear of water and with Garrick by her side, she's confident about the future. Until a fortune teller's predictions give everyone cause for concern. Now Mia's not so sure of anything, except that someone still wants her to leave. That makes her more determined to learn all she can about Matilda – and the codicil. But as the mists roll in over the sea, are autumn winds making passions cool? And when more than one unexpected visitor gives Mia a shocking surprise, is everything about to change? What people are saying about this serial: "Absolutely recommend this charming serial...
