"A truck-obsessed boy shares his tips for capturing all manner of vehicles based on their characteristics and habitat. This book is a gem for the multitudes of truck-loving children." - Seira Wilson, Amazon Editor

For kids who love trucks, here comes the definitive guide to catching and taming one of your own from the creators of the hit picture book *How to Train a Train*. Want a pet truck? Rumble up to this handy guidebook offering everything you need to know. Bone up on habitat: monster trucks like abandoned parking lots; moving trucks live in busy neighborhoods; ice-cream trucks and snowplows migrate in the winter. Pick the right breed for your home (a car transporter in a small apartment would not be a wise choice). Learn to identify your truck by its tire tracks, and soon, with the lure of some orange cones, you'll have a loyal vehicle following you home, a happy hum under its hood. With an eighteen-wheeler-size nod to pet-care guides, Jason Carter Eaton and John Rocco put young readers in the driver's seat for a road trip to truck-dreamer bliss.
