The year before college was one of the best in my life. Frank did things to my body that I didn't know were possible. I craved him , knowing that he was mine. It all started in a moment and it all ends the same way.Frank left , cravings and all. I knew that Frank was always going to be the one I compared every other man to.Even though he was gone in the blink of an eye.It has been 10 years since I saw Frank. Ten years was a long time to wait for someone. I knew who he was as soon as I saw him againAs soon as I heard his voice.I knew I was in trouble. I tried to ignore the way he made me feel.I didn't want to feel anything for him .But there was nothing I could do about it.He had a way of making my body tremble. Frank had a way of making my mind go numb.With him it was hard to speak or think. With Frank there was no saying no to him .Frank had always had a way with my body.He's always had a way with my thoughts.I need him back in my life. And more importantly,I needed the man back in my bed.
