One of the most enjoyable marriages of the fantasy and mystery genres on the shelves,(Cinescape) the Dresden Files have become synonymous with action-packed urban fantasy and nonstop fun. Fool Moon continues the adventures of Jim Butchers most famousand infamousreluctant heroYoud think thered be a little more action for the only professional wizard listed in the Chicago phone book. But lately, Harry Dresden hasnt been able to dredge up any kind of work: magical, mundane, or menial. Just when it looks like he cant afford his next meal, a murder comes along that requires his particular brand of supernatural expertise. Theres a brutally mutilated corpse, and monstrous animal markings at the scene. Not to mention that the killing took place on the night of a full moon. Harry knows exactly where this case is headed. Take three guessesand the first two dont count...
