I wasn't for sale. He bought me anyway. I thought knowledge was power... until Ethan Keller showed me what real power looks like. I knew the truth about his company and I was ready to tell the world, but he had other ideas. He didn't bribe me. He didn't blackmail me. He just decided I belonged to him, and it was done. If I try to run, I'm caught and brought back. If I disobey, I'm punished so sternly I beg for mercy and so shamefully it makes me blush crimson just to think about it. But when he strips me bare and uses me as roughly and as thoroughly as he pleases, my body cannot hide the truth from him. He knows I need to be owned. Publisher's Note: Bought includes spankings, sexual scenes, intense and humiliating punishments, and strong D/s themes. If such material offends you, please don't buy this book.
