For men, love is a high-stakes gamble. The right woman can be the best part of a mans life, and the wrong one can lead to personal and financial ruin. In todays climate, no man should venture into romance without a reliable risk-management strategy. The Tactical Guide to Women delivers a solid plan for allowing the right women into your life, and keeping the wrong ones at a safe distance. Youll discover how to: Identify good women of low drama and high character Reduce your vulnerability to women who seem perfect for you but arent Spot the early warning signs of emotional instability Youll also learn: Critical techniques for seeing women clearly The most common mistakes that lead men into disastrous relationships How to reduce the odds of a good relationship going bad Impeccably researched and backed by the authors decade of clinical experience, The Tactical Guide to Women provides men with desperately needed, rarely discussed strategies for finding sanity, joy, and companionship. This is not another book about getting laid. This book is about not getting screwed.
