Big hat, big gun. Long, thick...rope. The biggest stud on the stallion ranch has his eyes on one lucky lady, And if she wants to save a horse? Well, he's got more "cowboy" than she's ever ridden before. Rough, wild, and ready to buck all night. I never needed much after I left my rodeo circuit days behind. Just me, my land, my horses, and my peace and f\*\*king quiet. But that's before she comes crashing into my world like a wild filly. Prettier than a country rose and fiercer than Kentucky moonshine. I've got her tied up good and tight after I mistake her for a horse thief. But one look at those big dark eyes, those legs that won't quit, and those soft curves that beg to be held, and I'm not sure I'll ever let her go. I know I should stay away from a tempting, teasing little city girl like Tara Stokes. I know she works for the family on the other side of a blood feud from mine. But I also know one taste of those pouty lips and all I want to do is make her mine. This little spitfire needs taming. Lucky for her, she's shackled up with the biggest cowboy in Sugar County. Cause country boys do it better. Country boys do it harder. And country boys can go all night long. Tara might not know that yet.... Oh, but she's gonna. Grab your hat, put on your spurs, and pour yourself some sweet tea - things are about to get hot! If completely over-the-top, obsessed alpha heroes and out-of-control insta-love is your thing, get ready ride! As with all my books, this standalone novella is safe, with no cheating, and a HEA guaranteed.
