If You Can't Wholesale After This is a step by step guide to closing your first real estate without needing any of your own money or credit. It's the first book in the "I've Got Nothing For You.." series. This series of books aims to guide you through the process of becoming financially free through real estate investing. If You Can't Wholesale After This was written for people who are fed up with the traditional "rat race" style of living and want to create a new way of living no matter if you have ever been involved in real estate or have any money of your own. This book will guide your mind and actions to building massive wealth step by step. Todd himself completed his first deal with only \$11 in his checking account. He believes that anyone can build financial freedom by changing their mindsets and improving their daily habits. This book will change the way that you think about money and the way you think about the opportunity surrounding you each and every day. This book will inspire you to begin your own real estate business and provide a living for your family that you only dreamed of previously.
