One minute I was a courier for criminals, making ends meet so I could take care of my little brother. The next, four stunningly hot Norse gods had brought me back from the dead with wings sprouting from my back and a whole set of valkyrie powers. I guess that's just how life goes sometimes. Too bad our victory over our supernatural enemies turned out to be a farce. The divine home I thought I'd receive is a trap instead. A trap that's slowly closing in on us, dredging up every painful moment from our pasts. Can I trust these tempting godly men now that I've seen how many secrets they've kept from me? And what am I going to do if I have to face my own darkest horrors all over again? I'd better figure that out fast. Because I'm Aria Watson, and I will not be broken.*

Their Dark Valkyrie is a medium-burn reverse harem urban fantasy series. This action-packed, heart-wrenching ride gives you a kickass heroine, four irresistible gods, and Norse mythology like you've never seen it before.*
