The things of nightmares haunt my dreams. Secrets lurk around every corner. The world I've entered isn't all it seems, but as a newcomer, questioning the Council isn't the safest move. Not when my guys are so entrenched in a world that I find dangerous. As Theo, Hiro, Ryder, Killian, Damien, and I try to find out how we fit together, we must also decide where we stand among the politics, class, and half-truths. While we each battle with our own demons, the ties that bind us together strain. With the Gala right around the corner and the Council's rules threatening to break up my family, the arrival of a new shifter at our front door adds more stress—and more humor—to our already complicated lives. As everyone struggles to find where loyalties lie, we find that not everybody is who they appear to be. When the secrets around me turn deadly, will I let them break me or will they become my Spark of Intent? *18+ Reverse Harem Romance. Warning this book contains scenes and references of abuse that some readers may find triggering. This book also contains some m/m themes.*
