Cait Quinn has never understood how some people can do the same thing day in and day out. Doesn't that get boring? Same thing with dating: How is it possible to date the same guy for months if he's just going to be well, the same guy? Of course, it's not like she's looking for a guy to date; she's got all her many (varied) jobs on the ranch to keep her busy, and she's saving up for her dream adventure. Archibald St. John is Hollywood's foremost method actor, and that means he spends his life becoming other men. It's what he's famous for, and it's why he's come to the ranch; he needs to find someone to teach him to become his latest character and Cait, with her detailed knowledge of diverse outdoor adventure activities, is just the person he needs. In fact, with Archie's ability to change who he is, they seem perfect for each other. But one outdoor adventure too many is going to remind them that Archie has responsibilities he can't just walk away from. ***** Discover River's End Ranch, a gorgeous "destination" ranch and resort in Riston, Idaho, that is run by the six Weston siblings and their well-meaning, semi-retired parents. Five bestselling western romance authors have created a world like no other--full of fun outdoor activities, a huge family in need of love, and side characters you will never forget. Join us in a world where our characters learn, laugh and

love. Visit River's End Ranch on Amazon or Facebook to get the complete list of books. New books are released every other week!
