Whether it's an umbrella cockatoo who's not eating, a depressed chinchilla, a pregnant potbellied pig, or a ferret possibly needing surgery, exotic animal vet Laurie Hess is at the front lines with some remarkable pets-and their equally eccentric, dedicated, and sometimes demanding owners. Following a week in Dr. Hess's life as she tries to uncover the source of an unknown ailment killing some of her most vulnerable patients, *Unlikely Companions* is an All Creatures Great and Small with a mysterious twist that includes a special message about managing our most important relationships-those with our friends, coworkers, children, spouses, and ourselves. "Dr. Hess takes everyday as it comes and treats whatever enters her office with compassion, and knowledge, and sometimes even humor."-Martha Stewart
