Lady Fan returns in a thrilling historical mystery! For fans of Georgette Heyer, Mary Balogh, Barbara Erskine and Jane Austen. When a young woman predicts a murder, she finds herself the centre of a witch hunt...1790, England. When Lord Francis and Lady Ottilia Fanshawe's coach breaks down they find themselves stranded in the village of Witherley. But Ottilia, the intrepid 'Lady Fan', finds her curiosity piqued when she hears of a local murder. A young woman predicted the gruesome death of the village blacksmith. And he was killed exactly as described... Is the young woman predicting the future? Are the villagers right to call her a witch? Or is there an even more sinister explanation...? THE DEATHLY PORTENT is the second book in the Lady Fan Mystery series: historical romance murder mysteries with a courageous women sleuth embarking on a traditional British, private investigation in eighteenth-century London.
