A fascinator is a chic little adornment, not quite a traditional hat but more than a headband, that suits any occasion and any time of day. Style mavens in England are credited with setting off an international fascination with fascinators; this smashing headwear now appears everywhere, donning the heads of celebrities and A-listers on the red carpet to today's fashionable brides, who are tossing aside their traditional veils for fascinators bedazzled with crystals and feathers. This is the first craft book of its kind with how-tos for fascinators, floral crowns, tiaras, and more: 25 in all, plus variations on each project--there are even sweet projects suitable for little girls. Fascinators range from dressy professional to black-tie elegant.
