**CONTINUE ►**

Dawn Henderson has never met a man like her new contractor, Garrett. He carries impossibly heavy equipment, and he's strong and committed in an old-fashioned way she's never seen in her life. From his sparkling amber eyes to his unbelievable muscles, there's just something otherworldly about him. When danger threatens Dawn's new home, she might be in for a big, furry surprise. Garrett Wilson is a giant, friendly bear of a man with an actual grizzly inside him. When that grizzly sits up and proclaims that his curvy new client is also his mate, he's ready to get his capable contractor hands on much more than her house. But Dawn knows nothing about shifters, and Garrett can't just throw her over his shoulder and stalk off to his den, bear style. He'll have to take it slow, and hope she doesn't run when she sees his growly side. As things get steamy between Dawn and Garrett in Silver Lake, danger is threatening to sabotage everything they've worked to build. But their enemies are about to see that this teddy bear can get downright dangerous when the safety of those he loves is at stake. Love at Furst Sight is the first book in my Built Fur Love series, and can be read as a complete standalone! It contains a commitment-obsessed bear, a shifter work crew who treat each other like family, and small-town shenanigans with a little mystery on the side. MY BOOKS WILL NEVER

CONTAIN: Cheating, unfaithful heroes, or an ending that is anything but happy.
