What's worse than being pursued by the Four Horsemen? Discovering you're the Fifth. Verity Jameson's day switches from mundane to disastrous when she runs down a stranger with her car. Fortunately for Vee, she can't kill Death. Death, who just happens to be one of the Four Horsemen, and he's looking for her. The Four Horsemen spend life preventing the end of the world, not bringing on an apocalypse. Without their fifth member, the Four Horsemen are losing the battle. Now they've found Verity and what they tell her goes far beyond the conspiracy theories she spends her free time investigating. A new life with four dark, sexy and dangerous men fighting demons, vampires and fae? Not what Vee had planned, but a hell of a lot more interesting than her boring job in tech support. So what happens when the unbreakable bond of the Five takes control in a way none of them expected? The Four Horsemen is an urban fantasy series with a reverse harem twist. Prepare to follow the lives of Vee and the Four Horsemen through addictive books filled with action, supernatural suspense and magic. Start the series with Legacy and discover why readers have fallen in love with the books--and the Horsemen! The series slow burns to steamy scenes, has a kickass heroine and four guys who'll do anything for the girl who's the centre of their world. This book is written in British English, which means some spelling and grammar may appear incorrect to some readers. The book has been professionally edited.
