From Audrey Carlan, #1 New York Times bestselling author of the Calendar Girl series. London, England. International Guy is now in service to the queen—of romance novels. I'd heard of Geneva James, the smashingly sexy, phenomenally successful British author whose steamy novels make her readers' fantasies real. Now she's hard at work on her latest piece of sizzling fiction—or at least, would like to be. It turns out that a case of writer's block is making it hard for Geneva to bring her latest book to its climax. That's where International Guy comes in. She's desperately in need of inspiration—and open to any kind of help International Guy can give her. Her entire career may be riding on how this fan-favorite story ends. The last thing she wants is to disappoint her fans. The last thing I want is to disappoint Geneva. Luckily, inspiring women is my specialty. Bringing Geneva out of her funk is business. It's also going to be a pleasure. With my team in play, I have no idea how this story is going to end. About the Series Parker Ellis, CEO of International Guy Inc., advises the wealthiest people in the world on life and love. And sometimes he can't help it when things heat up and he ends up in bed with his clients. This International Guy knows that there's a whole world waiting for him. But as he goes from city to city—and from woman to woman—it's possible that he just might find his own love along the way... This is the seventh book in a twelve-novella series.
