Now with a free mobile & web app with print purchase! Doodys Medical Review: 100 Points; 5 Stars (First Edition) The third edition of this highly acclaimed review continues to promote efficient, time-saving study by synthesizing the complex knowledge needed to pass the AGNP exam into a concise, well-organized format. It is updated with key information about the new AGNP certification exam, including new test format questions featuring photos of skin and eye conditions and EKGs, and more challenging drag-and-drop and multiple-choice questions. Also new to the third edition is information about nonclinical topics on the exam including research; culture, spirituality, and health practices; evidence-based medicine; epidemiology; and reimbursement guidelines. One hundred new review questions throughout the book and on the practice exam?including answer key and rationale?increase the total number of questions to 680. Designed to help NP students boost their confidence through intensive study and high-quality questions, the third edition features a succinct, precisely targeted review of diseases commonly seen in primary care. It covers the complete adult life span from adolescence onward, and offers extensive test-taking techniques and question dissection and analysis sections that provide strategies for identifying the best clues during the problem-solving process. Organized by body system, sections are consistently formatted and encompass Danger Signals, Normal Findings, Lab Findings, Benign Variants, Differential Diagnosis, and individual Disease Review topics for each system. Additional outstanding features include Exam Tips and Clinical Pearls that help to focus system study on key information. NEW TO THE THIRD EDITION KEY FEATURES App included!
