Outlaw, filthy biker, mechanic...single father.For the roughest alpha on the mountain, it's his way or the hard way. For one lucky lady, it's about to be both.Rough. Wild. Savage. I was a lot of things before I left the outlaw life behind. Blackthorn Mountain was a fresh start. No drama, no distractions. Nothing but me, my bike shop, and my little girl.Nothing else, that is, until she comes blowing through my door like a firestorm I never saw coming.Beautiful, innocent, and more tempting than she even knows. She's got curves that beg for my rough, dirty hands, and a sass that gets my engine roaring.I know a hardened ex-biker like me should stay the f**k away from a bratty little city girl like Addison Hale. She's too good, too off-limits. Too much my new employee. But then, an outlaw like me never was good at playing by the rules. One look into those big blue eyes, and I know there's nothing in this world that would keep me from her.But the shadows from my past aren't staying there. Gunning for me is one thing, but when they threaten Addison and my little girl Kyrie, there'll be no stopping the beast I've kept locked up inside.Sweet little Addison Hale is about to learn that up my mountain, I claim what's mine, I keep what's mine, and I protect what's mine. My demons almost buried me once. When they come after what's mine, they're gonna wish they had.Please note that while a connected storyline, this book and each of the Blackthorn Mountain Men books can be read as their own standalone stories.If you love your rough and wild heroes with a heart of gold, this one's for you! Over-the-top, alpha af, sugary sweet, and sinfully filthy. As with my all my books, this one is safe, with no cheating and a HEA guaranteed.
