Courage is a choice. Hope is done running away. Apollo's curse has ruled her entire life, limiting her choices and robbing her of what she wants most. Hope refuses to let fear hold her back any longer, so she's ready to take some risks if it means a chance at breaking the curse. When the goddess Artemis instructs Hope to impersonate a demigod and infiltrate a conservatory, she doesn't hesitate. She's desperate for the information, and with Athan's betrayal, there's nothing left to lose. But once inside, Hope discovers the only way to get what she needs is to work with her sworn enemies, and Xan is not at all like she expected.
