The range of Szukalski's achievements in sculpting, drawing, painting, theorizing, and writing is finally reckoned with in *Struggle*, the title of both this book and the first major retrospective of his art scheduled for early 2001. The book includes over 100 color and black-and-white photos and illustrations; an essay by Eva Kirsch and Donat Kirsch placing the artist's work in historical and aesthetic context; a foreword by Leonardo DiCaprio and George DiCaprio, who knew him; and the artist's commentary on selected works. I've been amazed and thrilled by the work of Szukalski. Drew Friedman, *The New Yorker*
