Reign is a strong, black, successful woman that has managed to build a great life for herself using the bricks that'd been thrown her way in life. She knows what it means to lose someone you love too well, and that is the reason she vowed to never love a man of the streets again. However, when Reign crosses path with Pharaoh Black, he immediately knocks down the walls that has hidden her heart for years. There's only one problem, Reign is unaware of the underworld life Pharaoh lives. Chasity is a single mother striving to give her son the love he deserves. While the father of her son, Rico, is chasing females and doing what he wants, he still manages to make sure Chasity doesn't move on with anyone else, feeling as if she belongs to him. Majesty Black has had the lovely, Chasity, on his radar for years, sitting back allowing time and opportunity to bring them together. Majesty fear no man, including Rico. Yet, letting Chasity move on is not an option for Rico and he is determined to show Chasity and Majesty just that. Tempest was once head over heels in love with King Black. That was until King did something that their relationship couldn't survive, causing her to walk away from him and everyone with the last name Black, including her best friend, King's sister. Now, years later business has caused Tempest to return to Philly. A Reunion with King was not in her plan, but

life seem to have plans of its own, bringing her face to face with the nightmare she ran away from years ago. Pharaoh, King and Majesty better known as the Kings of Philly are the true definition of hood royalty. From guns, drugs, power and well experience hitmen, the Black Brothers has it all, making them a hustler dream and a hater's worst nightmare. With all the madness the street life brings, the brothers are learning it doesn't compare to the madness of being in love. Take a ride and find out how the four-letter word turns these brothers lives upside down while at the same time they're dealing with known and unknown enemies surrounding them.
