An epic true-tale of hubris and greed from two Pulitzer-finalist Wall Street Journal reporters, Billion Dollar Whale reveals how a young social climber pulled off one of the biggest financial heists in history--right under the nose of the global financial industry--exposing the shocking secret nexus of elite wealth, banking, Hollywood, and politics. The dust had yet to settle on the global financial crisis in 2009 when an unlikely Wharton grad was setting in motion a fraud of unprecedented gall and magnitude--one that would come to symbolize the next great threat to the global financial system. Billion Dollar Whale will become a classic, harrowing parable about the financial world in the twenty-first century.
