Accidentally engaged. Then he dared me to make it real. It was one freaking kiss with a stranger. I wasn't looking for a hero the day Brent Eden charged into my life. He saw a damsel in distress facing humiliation. We played pretend. Swore I was his. Baited sweet chaos. Blew apart everything. My dating disaster? Gone. Our kiss? Electric. Divine. Toe-curling. His mistake? Oh, boy. Dropping the ultimate F-bomb: fiancé. Especially when my gossipy cousin tells the whole family. Forget how he's badass personified. The ink. The leather. The abs. The smirk. The lightning eyes and the growl I can't resist. Nothing changes the fact that he's my favorite student's father. I'm risking it all for this charade. And I'm losing. The closer we get, the deeper I fall. The louder he vows to protect me. The more we come undone. Even my questions have questions. What if I'm not the only one who needs saving? What if our marriage mistake gets way too real? From Wall Street Journal bestselling author Nicole Snow - two hearts, one lie, and no mercy! Plus a damaged single dad who just can't let his Not Fiancée go. Full length romance novel with everything Happily Ever Afters are made of.
