Peterson ATTENTION: You can now buy the paperback version of this book at the current reduced price of \$6.99 and get the kindle version at a discounted price of \$0.99 instead of \$2.99 using our Kindle Matchbook program cheers!Jordan B. Peterson's "12 Rules for Life" is quite the thought-provoking read. The Canadian clinical psychologist puts forth his ideas about personality, being, existence; the interconnectedness of order and chaos, two forces evident in all of life; the gender roles assignment discourse; the source of the world's greatest evils, and many other controversial topics. It is refreshing, and sometimes confusing, how he weaves biblical accounts and characters into the telling of his stories. But what might raise the hairs of most are his views on political correctness regarding postmodernism, white-privilege, cultural appropriation and everything in between. One thing is clear about Peterson. He is a man unapologetic of his views, which are largely unpopular, closely conservative, and politically incorrect.This book contains a comprehensive, well detailed summary and key takeaways of the original book by Jordan B.
