THE INTERNATIONAL BESTSELLERThe potential of the human brain is phenomenal, and Tony Buzan has been a pioneer in researching that potential and helping people learn how to make the most of their brainpower. The Mind Map Book is his most important and comprehensive book on the subject. It offers exciting new ways of using and improving memory, concentration, and creativity in planning and structuring thought on all levels, in order to accelerate the ability to learn, remember, and record information. Mind Mapping and Radiant Thinking are groundbreaking methods of accessing intelligence, developed over many years by the author, and here he provides a complete operating manual for all who want to use their brains to their fullest potential. It is a process currently used with extraordinary success by multinational corporations, leading universities, champion athletes, and outstanding artists. Featuring a range of stimulating exercises and a lavish collection of full-color photographs and original Mind Maps that illustrate the technique, it shows you precisely how to:
