She refuses to behave American heiress Daisy Vanreid prides herself on bucking convention at every turn. Equally well-known for her beauty and her rebellious nature, she has no choice but to entrap the notorious Duke of Trent to avoid marriage to the aging aristocrat her father chose for her. Or so she thinks. But once she becomes Trent's duchess, he disappears. Now, she's on a mission to stir up enough scandal to force his return. He refuses to be chained. An elite spy, Sebastian, the Duke of Trent, is on a mission of a different variety, and his wild, trousers-wearing wife is creating the sort of distraction he can't afford. He returns to London to take the minx in hand, but the woman he married as a pawn proves a wiler opponent than any enemy of the crown. His inconvenient attraction to her complicates an already tangled web of danger and deceit. Love is the most perilous risk of all. When Daisy uncovers Sebastian's secret life, she's swept into his world of intrigue and straight into his arms. Together, they become locked in a battle of passion and wits that they can only survive by trusting each other.
