The second edition of this classic work on recovery for alcohol families updates and expands the original, which won a Marty Mann Award as an outstanding contribution on alcohol communications. The first ten chapters of Another Chance pull the curtain back on the alcoholic family. We meet its cast of characters: the Dependent, the Enabler, the Hero, the Scapegoat, the Lost Child, the Mascot. The author then spells out a treatment plan for halting the downward spiral of alcoholism -- a powerful blend of the Twelve Steps pioneered by Alcoholics Anonymous, the Family Reconstruction process developed by Virginia Satir, Wegscheider-Cruse's innovative and eclectic approach to therapy, and her own recovery from co-dependency. The second edition also addresses adult children of alcoholics, spirituality, and co-dependent therapists.
