In this third installment of the Amazon Top 10 best-selling EMP: Equipping Modern Patriots series, Jonathan Hollerman chronicles the survivors as they endeavor to pick up the pieces and start over in the ashes of a world destroyed by a nationwide, long-term grid-down scenario. After the devastating battle at the East Homestead, Sean's family regroups and makes some new alliances; however, with those growing bonds, new risks arise. Colonel Harris struggles to feed the 31st Regiment while attempting to offer assistance to the locals and contemplates risking his own life for the future of his country. A stranger arrives in Tionesta with unknown aspirations, and an ominous looting force the size of a small army entrenches nearby. Despite the emerging prospects for a new beginning, a shadow looms over the fresh buds of optimism. **DISCLAIMER:** "We cannot guarantee the availability of this ebook on an external site."
