Experience Colorado's unparalleled beauty as seen through the lens of one of Colorado's pioneering families. Each month of this 12-month calendar features a large color photograph taken by Grant Collier, along with a smaller black & white image taken by Grant's great-great-grandfather, the pioneer photographer Joseph Collier. These images provide fascinating insight into the different perspectives of two photographers linked by family lineage but separated by a chasm of time. Includes dates of all moon phases, as well as lunar eclipses and major meteor showers.
